MSB 23.30.010 DEFINITION

The borough wrote down what the machine is.

The chapter defines it as one or more high-speed camera units, alone or combined with algorithms and optical character recognition, turning images of plates, makes, models, colors and unique vehicle identifiers into computer-readable data.

The ordinance finds these systems create a permanent tracking record of everyday citizens, without reasonable suspicion or a warrant.

WHO EACH SENTENCE BINDS

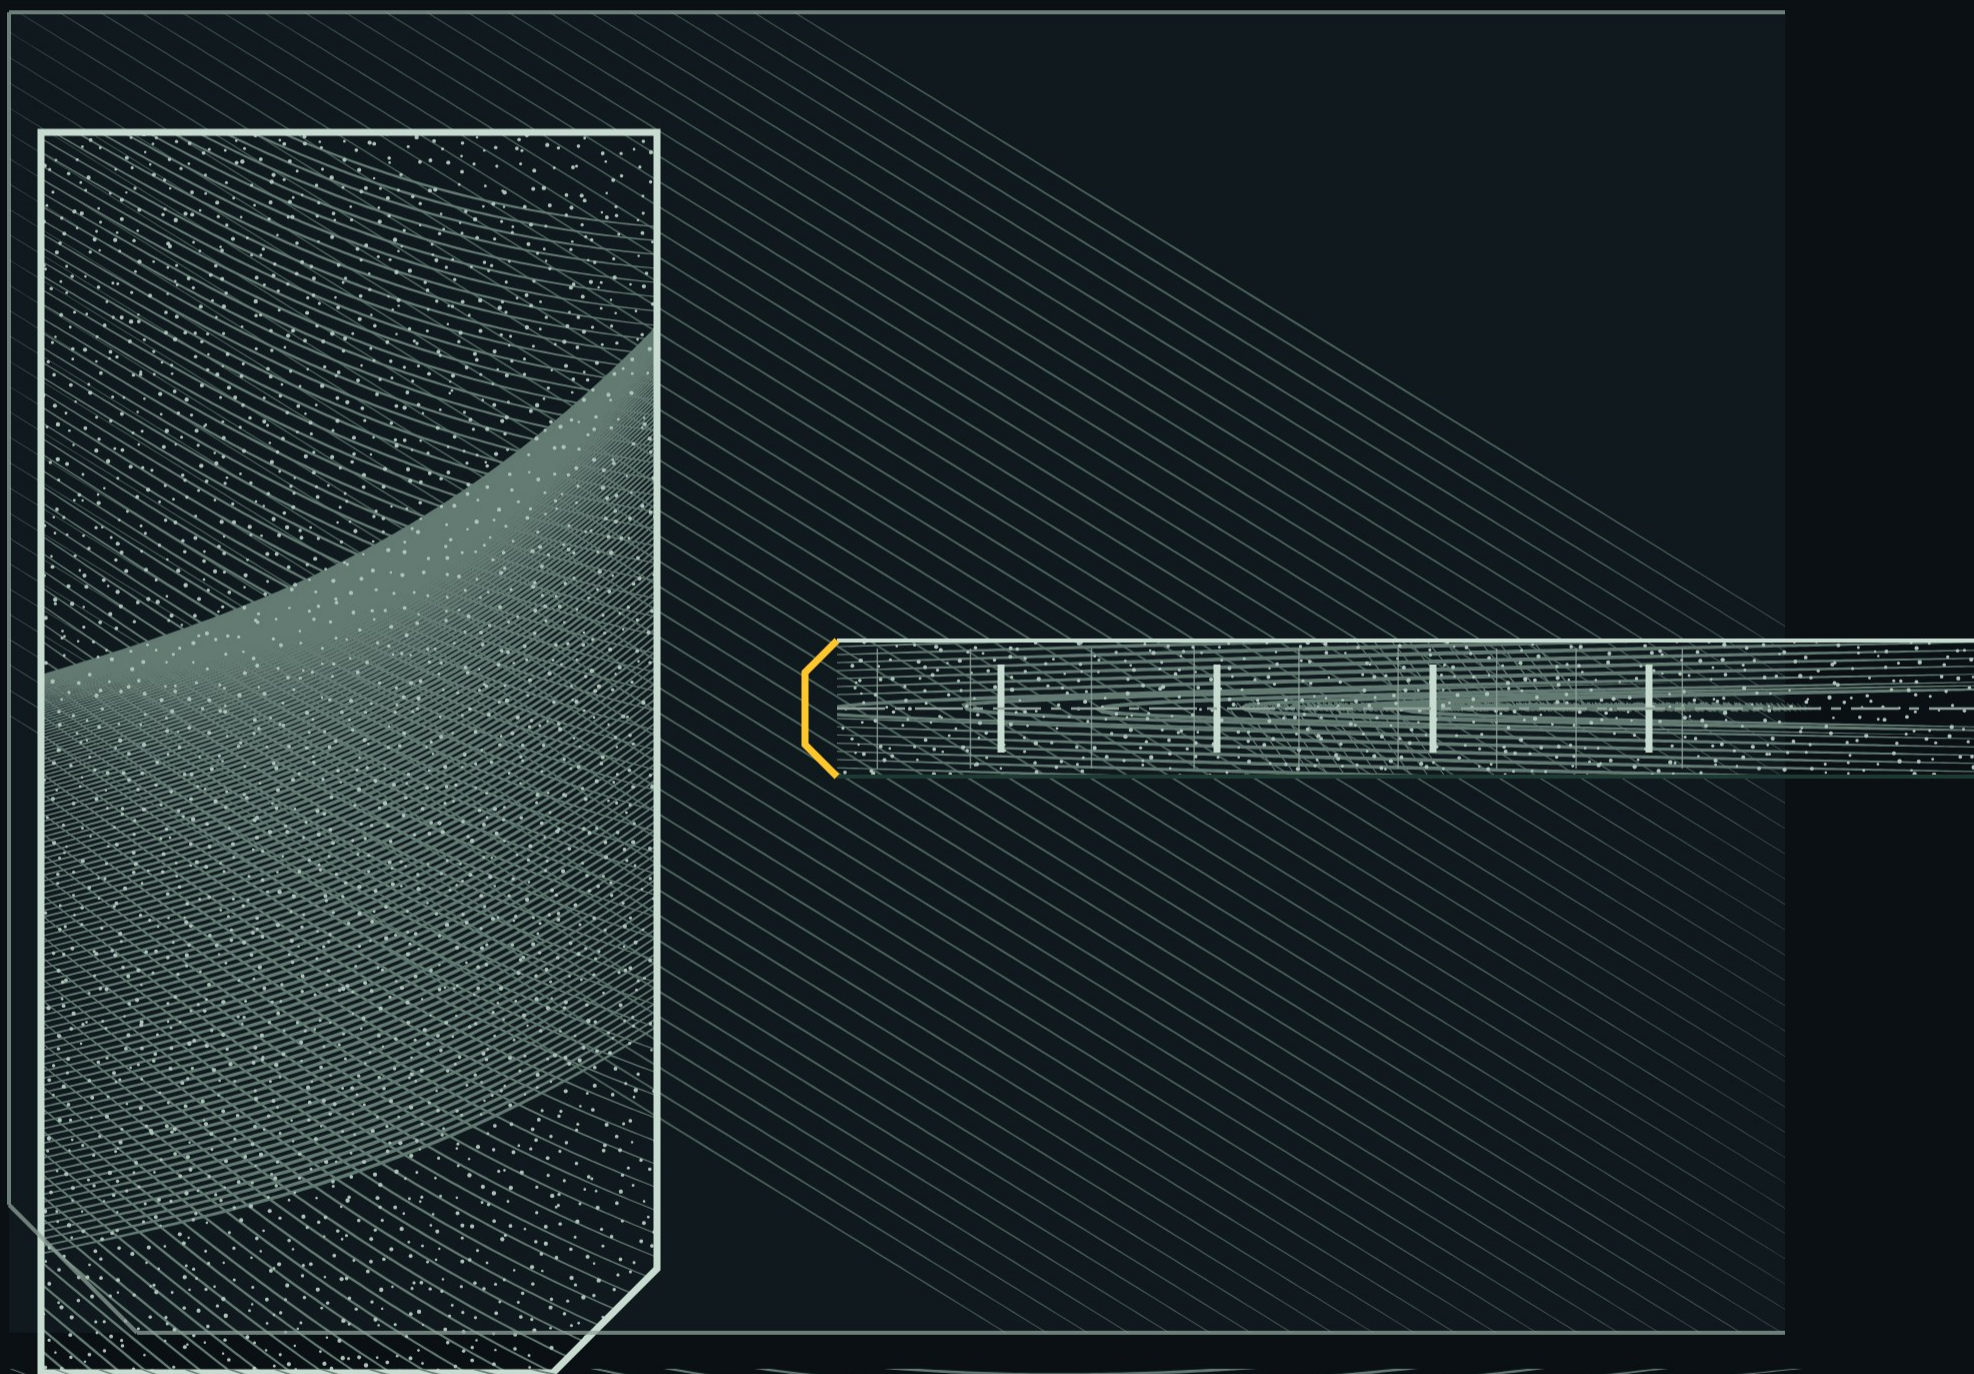

The subject never changes.

MSB 23.30.020(A)	No Borough department, division, employee, or agent	may acquire, lease, borrow, install, maintain, or operate
MSB 23.30.020(B)	No Borough funds, personnel, or resources	may be allocated toward entering into, renewing, or extending any contract
MSB 23.30.040(A)	Any contract or agreement in violation of this chapter	is void ab initio and unenforceable
MSB 23.30.030		

MSB 23.30 ALPR SYSTEMS PROHIBITED
GENERAL AND PERMANENT. PART OF THE BOROUGH CODE.

MSB 23.30.030 (A)

It can't collect the data. It can't be handed it.

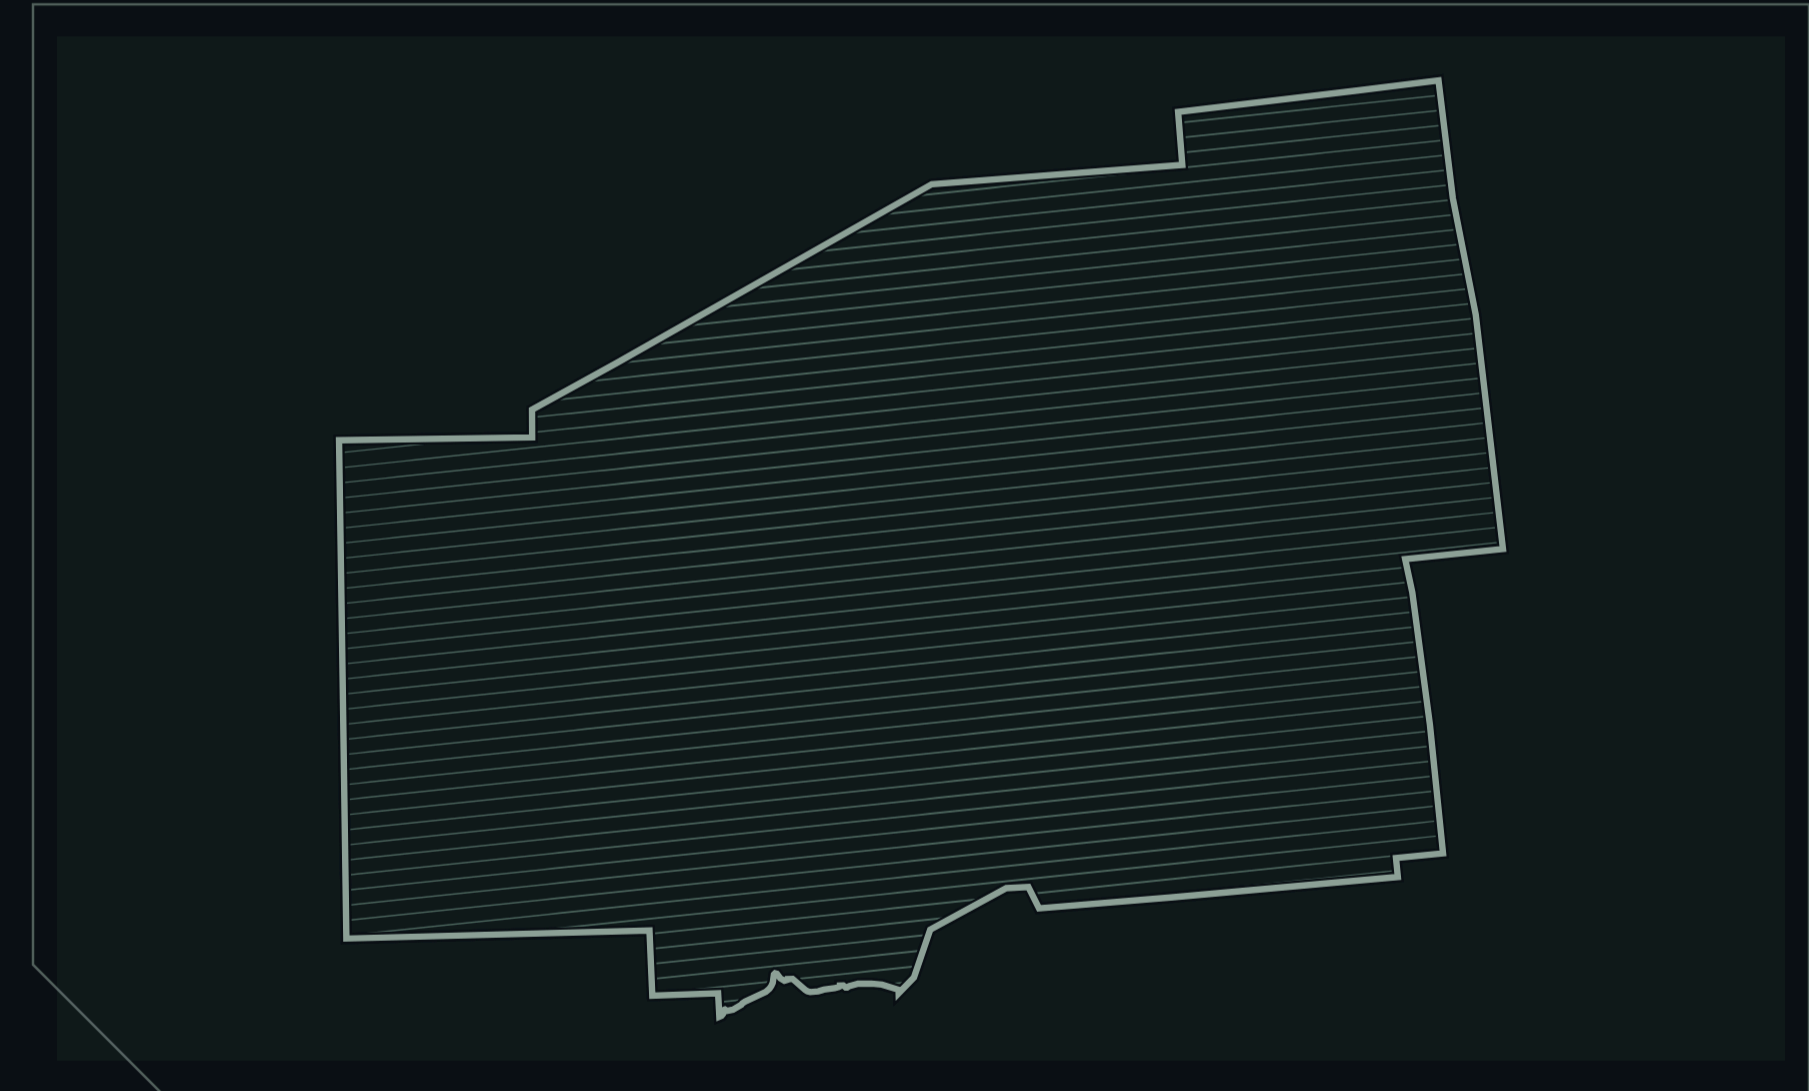

"The Borough and its departments are prohibited from accessing, querying, uploading data to, or receiving data from any ALPR operator, network, database, or private surveillance network."

"The borough
does not have
police powers."

That is the borough's own sentence, on its own site. Some of its cities do have them. The state troopers patrol here.

WHO CAN POLICE HERE

Five agencies police this boundary.

WASILLA POLICE	CITY	
PALMER POLICE	CITY	
CHICKALOON TRIBAL POLICE	TRIBAL	NOT ON THIS SHEET
ALASKA STATE TROOPERS	STATE	NOT ON THIS SHEET
STATE WILDLIFE TROOPERS	STATE	NOT ON THIS SHEET
MATANUSKA-SUSITNA BOROUGH	NO POLICE POWERS	

ABOUT 117,400 PEOPLE LIVE INSIDE THIS LINE,
PER STATE LABOR ESTIMATES FOR 2025

~~NOT ONE OF THEM~~

MSB 23.30.010 WHO IS BOUND

The operator it names is the borough itself.

An ALPR Operator, in the chapter's own words, is any Borough department, division, employee, or third-party contractor acting under contract with the Borough. Eight borough officials signed the routing block between August 19th and August 21st, weeks before it reached the floor. On September 15th, another assembly took up the same question.

THE SAME DAY, THE NEXT BOROUGH SOUTH

One body wrote the limit. The other kept drafting.

POSTPONED TO OCTOBER 20TH

Anchorage Assembly members voted unanimously to postpone their own police surveillance ordinance, AO 2026-108(S), to their regular meeting on October 20th, the Anchorage Daily News reported. The paper quoted one member asking for stronger language and stronger protections.

MSB 23.30, IN FORCE

A limit written before the power exists.

Mat-Su bound its own departments, its own money
and its own contracts, unanimously, for a machine
it has no police powers to run.
