ADMINISTRATION FOR NATIVE AMERICANS / HHS

FROM THE AGENCY'S OWN RESPONSE TO COMMENTS

Multiple commenters raised concerns regarding the replacement of SEDS-AK with EAGLE, including the potential loss of an Alaska-specific funding opportunity and the possibility that Alaska Tribes could face new barriers in competing for funding under a new NOFO.

"Alaska Native communities will remain eligible across EAGLE project areas, including IDEAS, and EAGLE will serve Alaska Native communities alongside other eligible Native communities."

"The EAGLE IDEAS project area carries forward the spirit of Alaskan self-determination."

ANA also says the institute complements rather than replaces its development work.
