

ANCHORAGE ASSEMBLY • PUBLIC HEARING SEPTEMBER 1ST

750 feeds funded.
About 15 running.
Hearing September 1st.

750 IS DESIGNED FEED CAPACITY (C07). ABOUT 15 IS THE
CAMERA COUNT AT LAUNCH (C11). DIFFERENT UNITS.

01 / 09

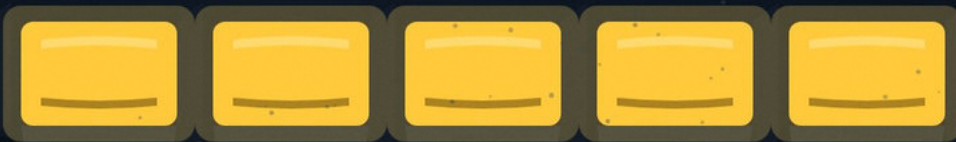

ALASKA.AI

1 PAD = 1 FUNDED FEED

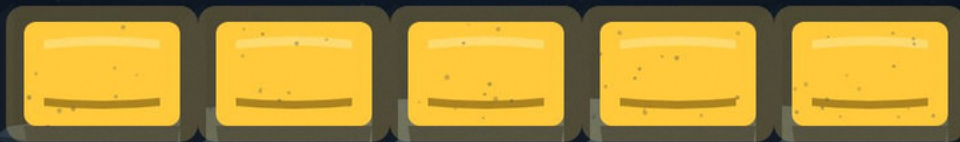

One employee. About 15 cameras.

The Real Time Crime Center opened at police properties and Town Square Park. The Assembly had already approved \$11.8 million for a system designed to stream up to 750 feeds. The room was one person.

ONE EMPLOYEE

CELL 0016, NOT LIT

Most of the cameras already exist.

MORE THAN 250 · CITY TRAFFIC CAMERAS (C08)

ROUGHLY 216 · RESIDENTS REGISTERED THEIRS (C09)

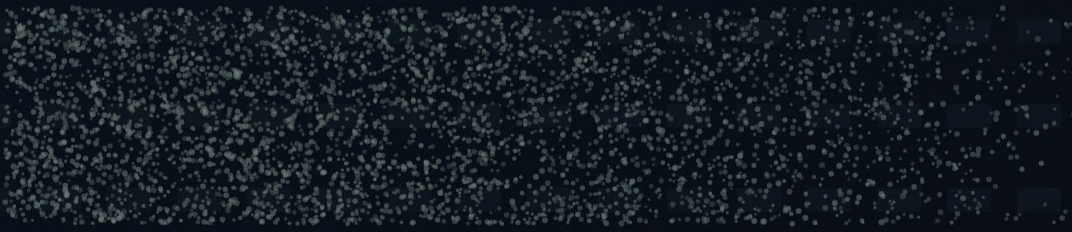

GIVEN, NOT TAKEN · RESIDENTS, NOT CAMERAS (C10)

ABOUT 15 · RUNNING AT LAUNCH (C11)

OFFICER-WORN, DRONES, PLATE READERS

NO PUBLISHED COUNT

The center is separate from
dispatch. It is used once a
call comes in, to help officers
respond, the police chief
says. (C33)

THESE DO NOT ADD TO 750. DIFFERENT UNITS, NO SUM. (C07)

WHAT THE SYSTEM DOES TODAY

The AI in this system reads plates.

IN USE

Object recognition on the license plate readers, the police chief says.

NOT USED

Facial recognition. The department does not use it, the chief says.

UNKNOWN

Whether object recognition data can be transmitted through the system at all.

1 PAD, CELL 0016

CURRENT PRACTICE
(C24)

THE ASSEMBLY
PLACED STRICT
LIMITS ON IT IN
2023 (C21, C26)

THE CHIEF SAYS
THAT IS UNKNOWN
(C25)

SOLID, IN FORCE. DASHED, NOT YET OR UNKNOWN.

STATE, NOT SIZE. COLUMNS ARE EQUAL.

SYDNEY SCOUT • ORDINANCE CO-SPONSOR

"Let's put this into code now, so that when power changes, when the political winds shift, as they always do, we have protections for the people, no matter who is overseeing and implementing the system."

TO ALASKA PUBLIC MEDIA, AUGUST 21ST (C32)

INTRODUCED AUGUST 18TH • NOT IN FORCE

Four rules, none of them law yet.

INTRODUCED BY
McCORMICK
SCOUT
VOLLAND (C34)

01 A case number for every search of surveillance data.

02 Deletion after two weeks, unless it is evidence in an active investigation.

03 No footage to out of state or federal agencies without a warrant.

04 Plate readers only for traffic enforcement and justifiable tracking, like missing kids or stolen vehicles.

+ Assembly approval before adding new surveillance capabilities, including AI powered tracking or identification technology.

CO-SPONSOR SYDNEY SCOUT'S OWN DESCRIPTION, NOT THE TEXT
THREE PUBLISHED ACCOUNTS WORD THIS PROVISION THREE WAYS.
THE ORDINANCE TEXT IS NOT PUBLIC. (C20)

06 / 09

HOW LONG THINGS ARE KEPT

The clock barely changes.
Who can change it does.

TRAFFIC FOOTAGE • OVERWRITTEN, 3 TO 5 DAYS • PRACTICE (C13)

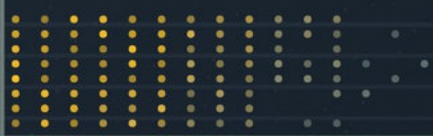

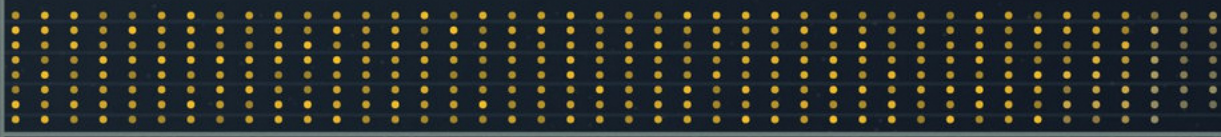

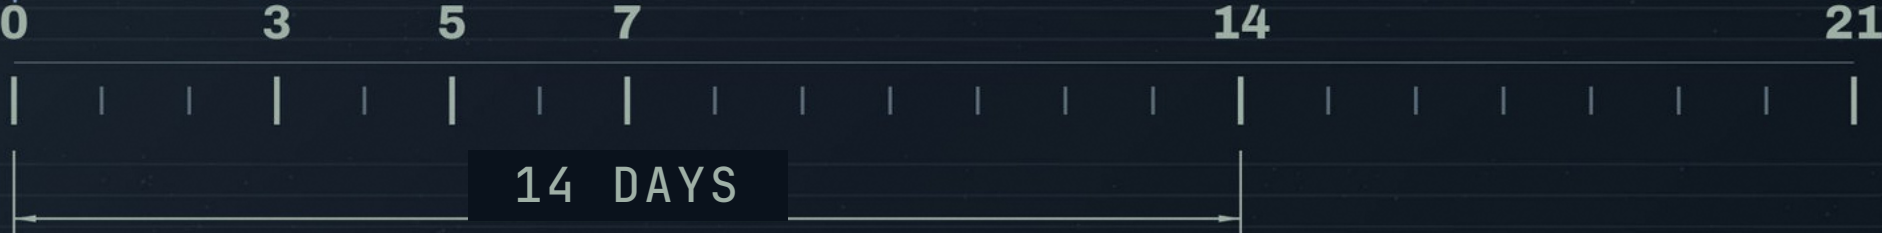

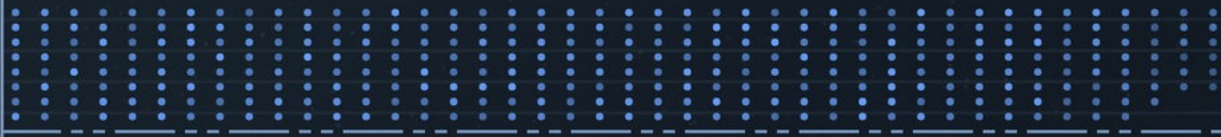

PLATE RECORDS • DESTROYED, 14 DAYS • PRACTICE (C12)

PROPOSED IN CODE • DELETED, TWO WEEKS • NOT IN FORCE (C15)

TODAY THESE ARE DEPARTMENT PRACTICE, NOT CODE.

"When my constituents ask, 'What are we collecting? Who can see it? How long do we keep it?' Anchorage code can't answer any of those questions."

KEITH McCORMICK, ASSEMBLY MEMBER (C29)

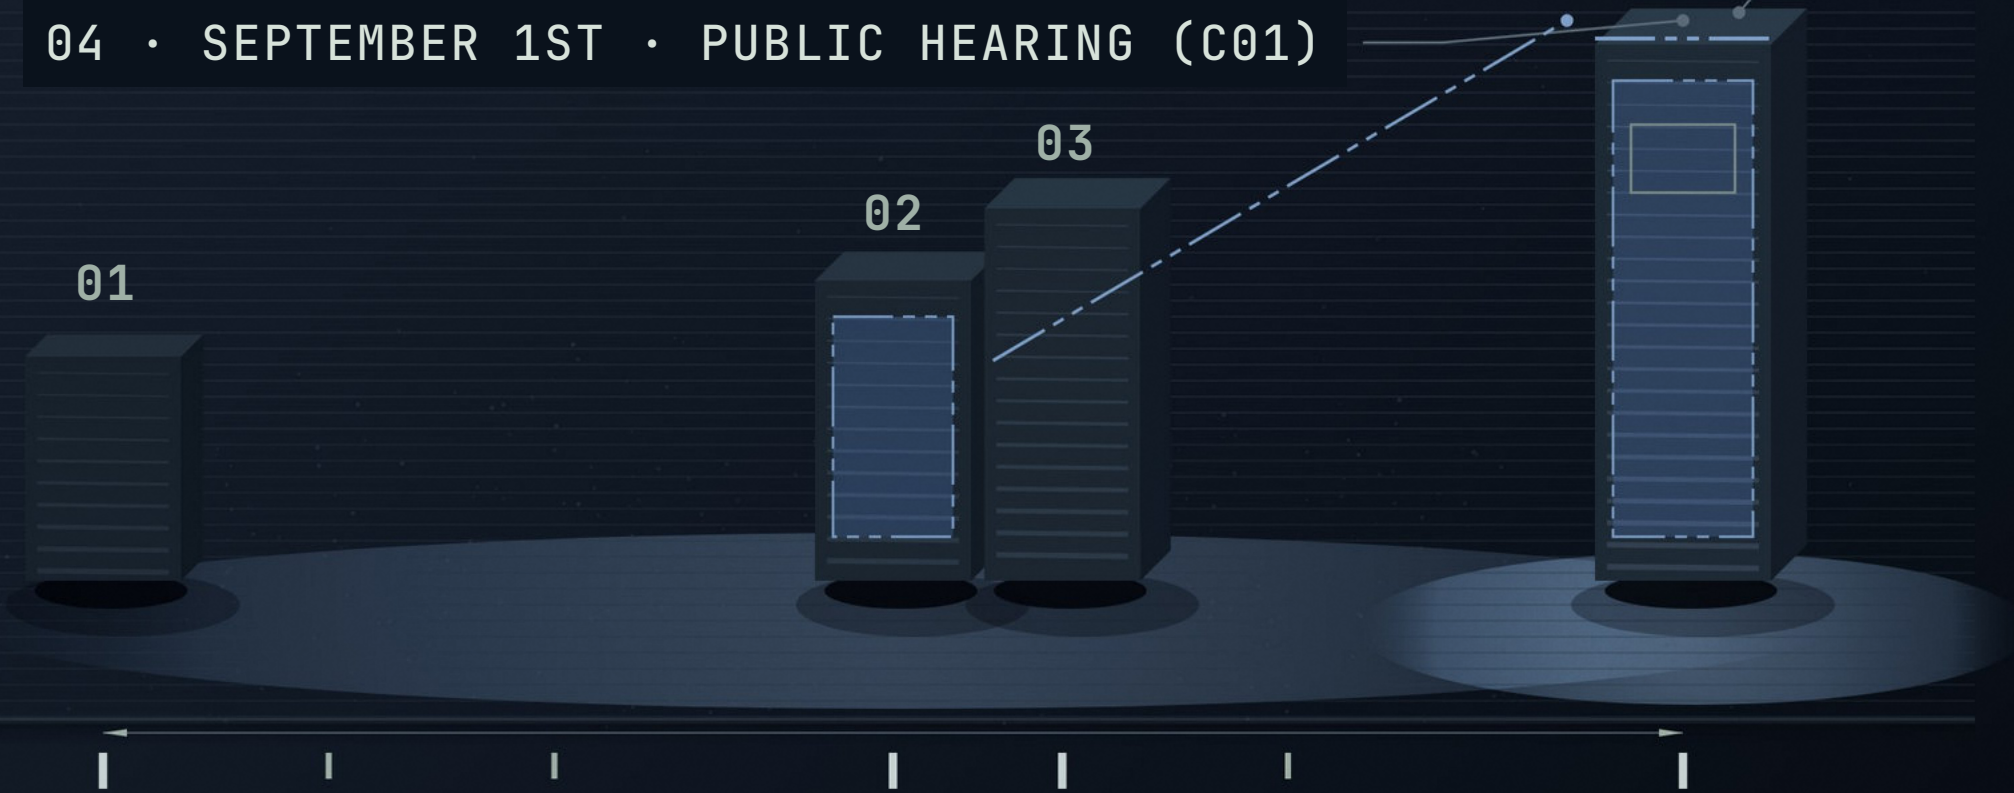

FOUR DATES, ONE TABLE

The money and the rule arrive on the same day.

Roughly \$600,000 to ThunderCat Technology for video displays, sound equipment and video processing technology, from fine and forfeiture funds. The system it upgrades was approved at \$11.8 million (C05).

ON THE TABLE SEPTEMBER 1ST (C02, C03, C04)

- 01 · AUGUST 4TH · POSTPONEMENT ASKED (C35)
- 02 · AUGUST 18TH · ORDINANCE INTRODUCED (C34)
- 03 · AUGUST 21ST · WORK SESSION (C36)
- 04 · SEPTEMBER 1ST · PUBLIC HEARING (C01)

HEIGHT IS SEQUENCE, NOT SIZE.

28 DAYS

08 / 09

The rule is still cheap to write.

Ask your Assembly member which of the four they will vote for on September 1st.
