

One center. 17,210 outside it.

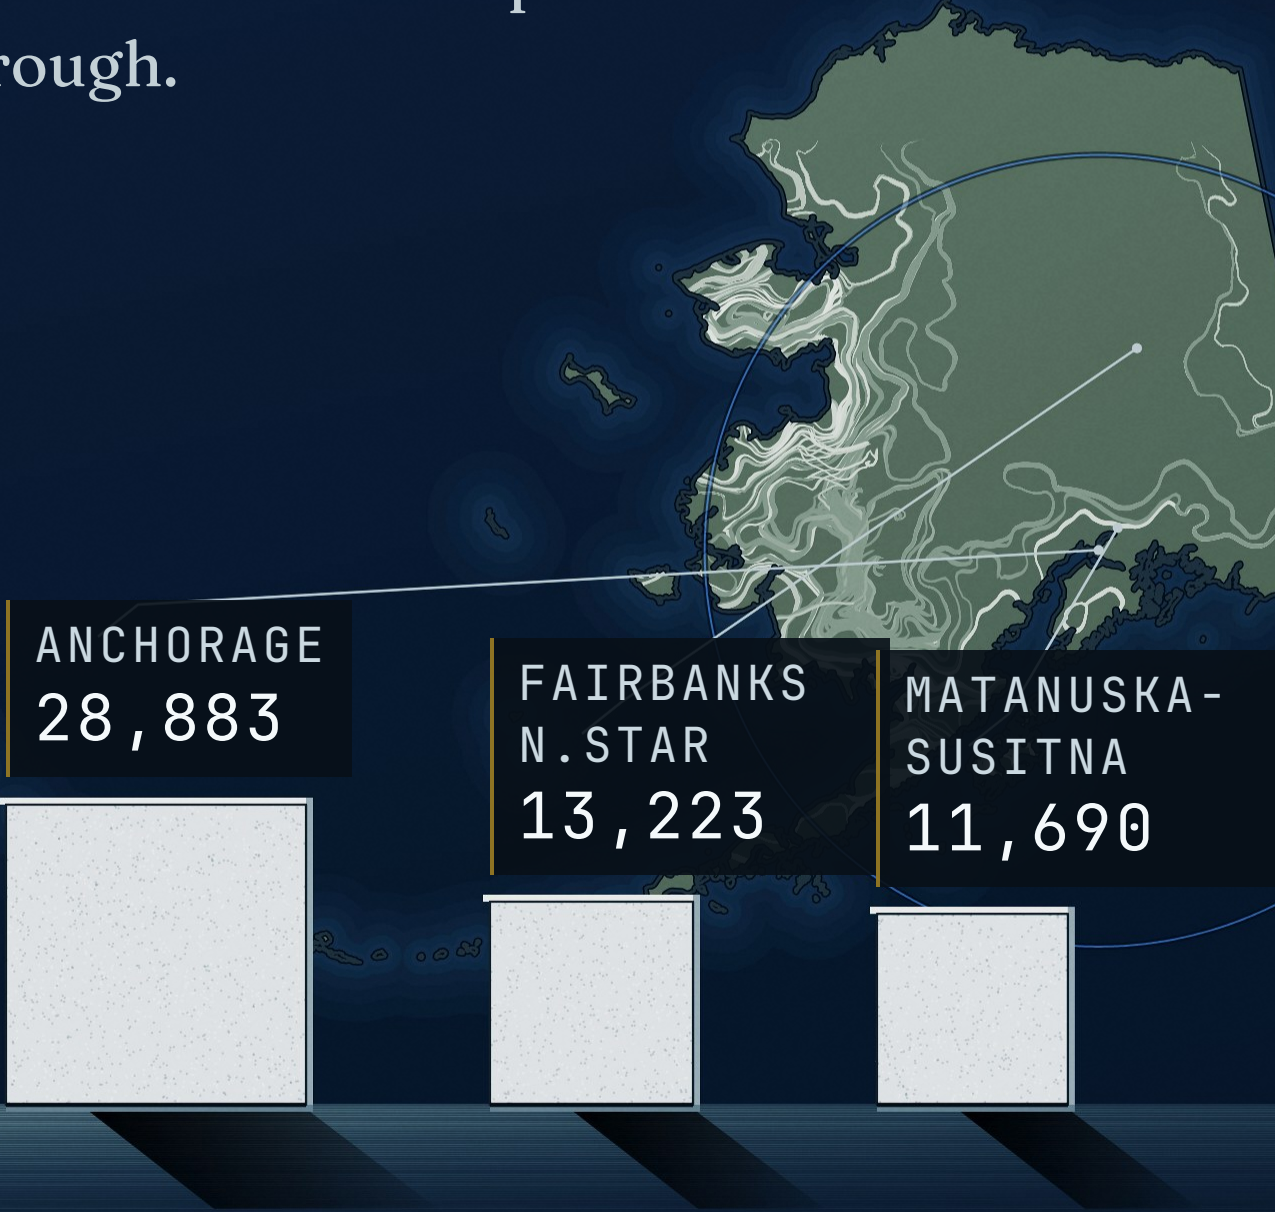

500 MI STRAIGHT LINE

The order asks for a comprehensive
single source. Signed September 8th.

Three boroughs hold 53,796 of Alaska's 71,006 veterans.

Anchorage 28,883. Fairbanks North Star 13,223. Matanuska-Susitna 11,690. Plate area is the count and the plate outline is not the borough.

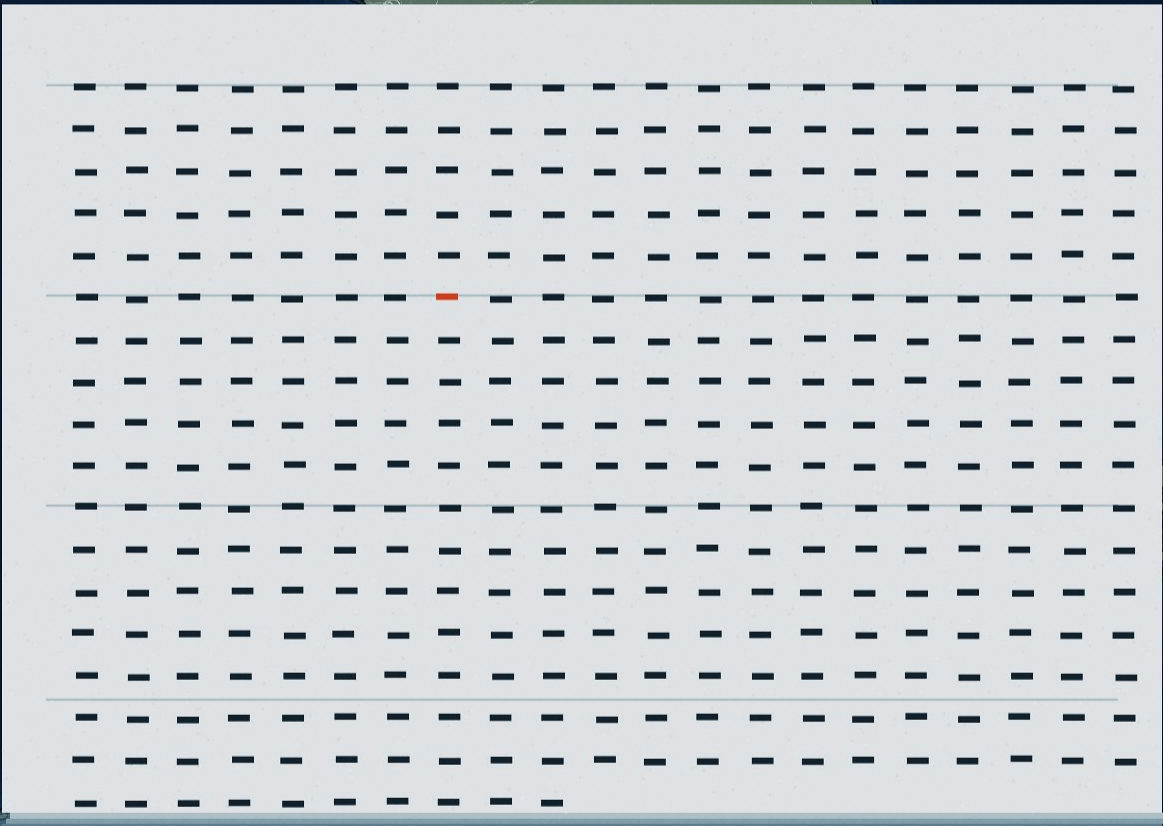

0.7790 SQ PX PER VETERAN

The phrase artificial intelligence appears once.

The order runs four sections and names no state.
The agency it binds already publishes 367 AI use cases and says it has granted 0 waivers from minimum risk practices.

ONE MARK IS TEN VETERANS, PLACED IN ITS BOROUGH

17,210 veterans live outside the three.

Kenai Peninsula 5,239. Juneau 2,396. Kodiak Island 1,152. Ketchikan Gateway 1,017. Bethel 1,005. Southeast Fairbanks 959. Sitka 630. Chugach 565. Nome 505.

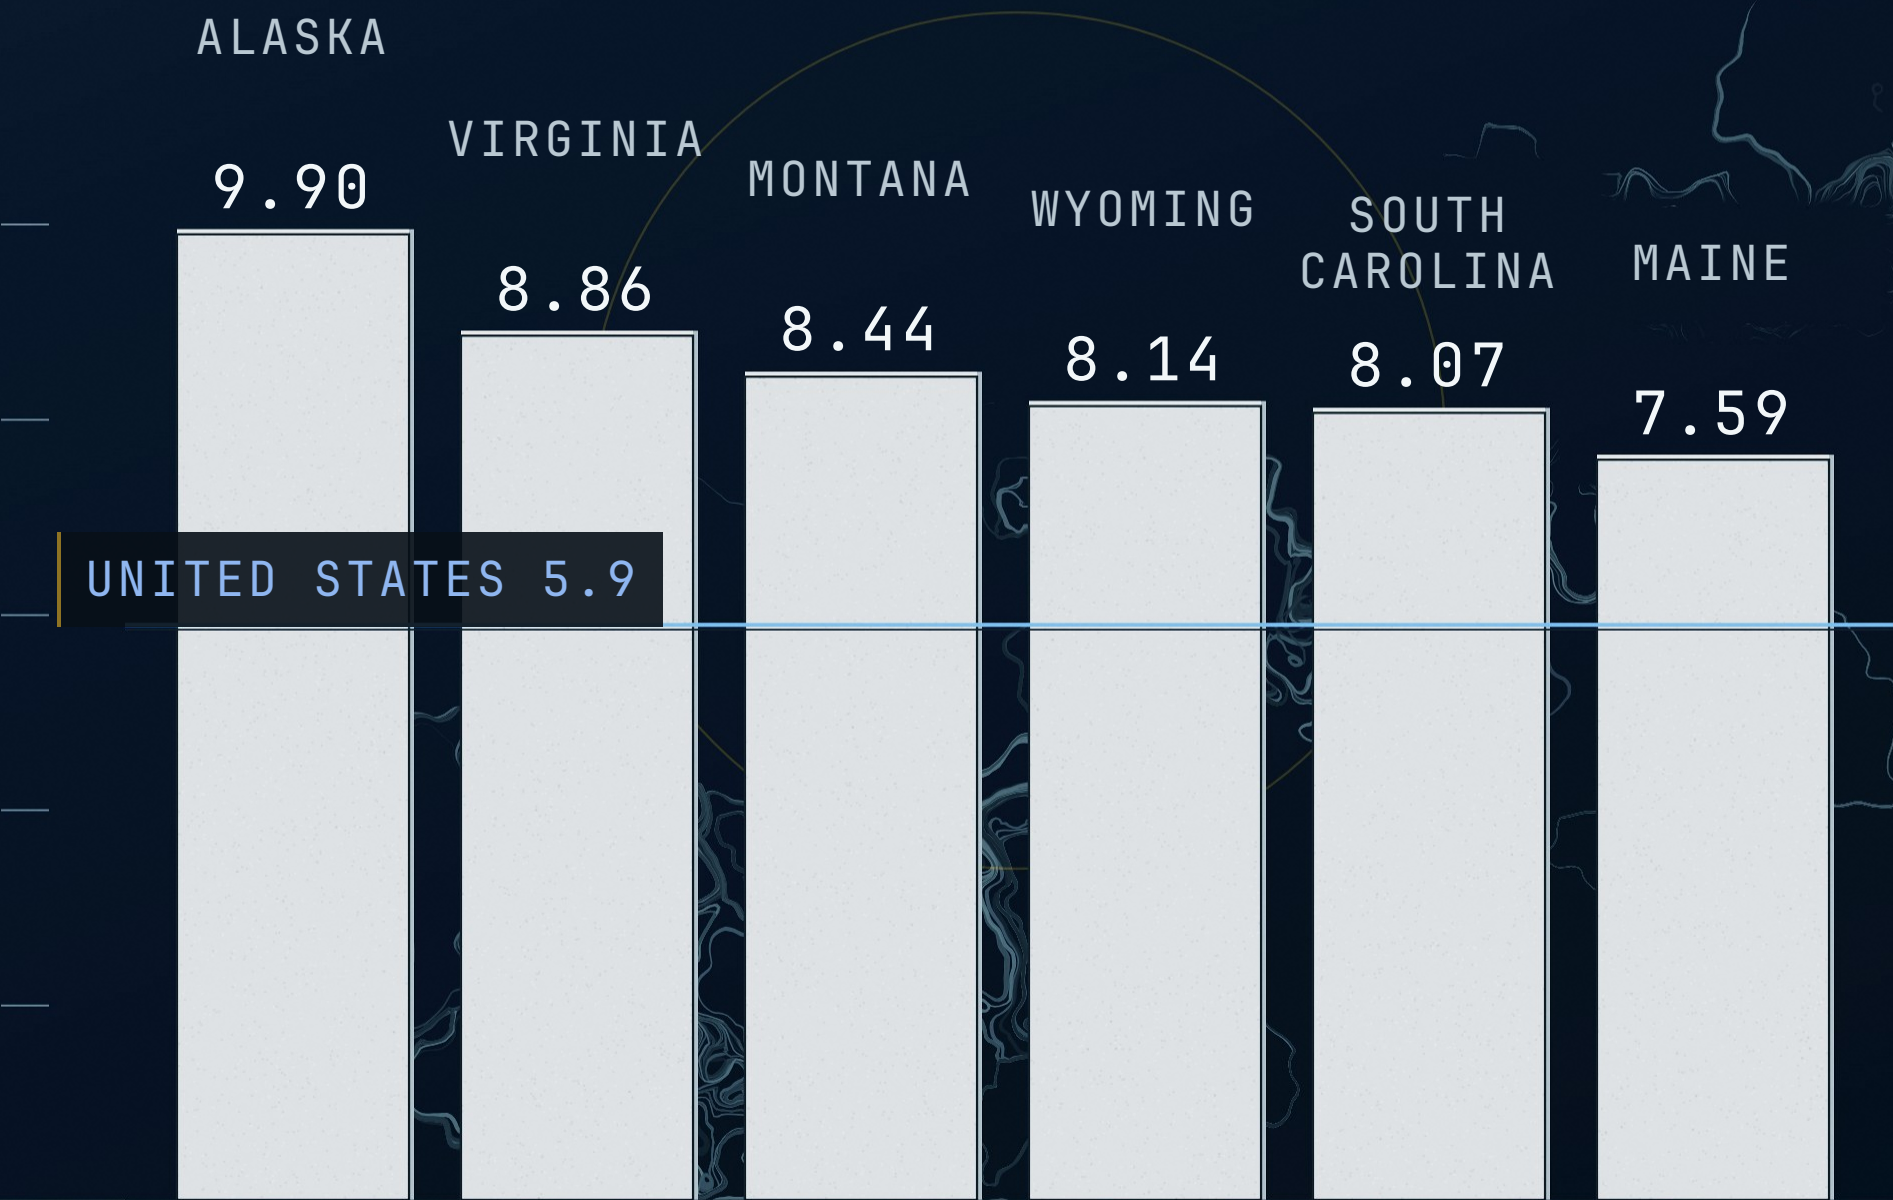

EACH COLUMN IS A BOROUGH, IN THE ORDER ABOVE

Alaska is first of fifty, and it is not close.

Veterans are 9.9 percent of Alaska adults against 5.9 percent nationally. Second place Virginia is 8.9. The rank is computed from the same Census table.

The order names no state and creates no right.

It runs subject to the
availability of appropriations.
The deadline is March 7th,
2027. The test is the 17,210
Alaskans who live outside the
three boroughs the center was
drawn around.

If it works in Anchorage and not in Bethel, did it work?
